BRANDING & SIGNAGE SOLUTIONS
FOR THE EDUCATION SECTOR

THE **ART** OF MACROART

Established in 1992, we were the pioneers of large format printing in the UK and are proud to support a range of sectors with their graphics production, branding displays and signage solution requirements.

We have evolved into a highly-respected production partner for leading brands, with our success built upon a combination of production excellence, being solutions-focused with a collaborative partnership approach.

We are committed to sustainability and are leading the way in solutions to reduce the environmental impact of our work.

BRANDING FOR EDUCATION

Our range of services are perfectly placed to support the diverse range of requirements for the Education sector. From open days and graduation ceremonies to re-branding school interiors with inspirational messages, our experience will ensure your project has vibrancy and impact.

Our services include:

- Banners
- Window vinyls
- Event wayfinding
- Stage branding and backdrops
- Pop-ups and exhibition stands
- Information signs
- Wall coverings and branding
- And much more...

Our experienced project managers aim to understand your objectives and deliver solutions that match your vision and budget.

WE HAVE AN INDUSTRY-LEADING PRODUCTION HUB

Our 44,000 sq ft production hub produces an enormous range of branding and retail display solutions from creation to finishing.

Our extensive plant list features leading printing technology to make sure we stay at the very forefront of the latest techniques, combined with the scale to support the diverse requirements of our clients. Our impressive production is matched by a talented, experienced and committed project management and installation team.

CENTRALLY LOCATED TO SUPPORT WORK IN THE UK AND BEYOND...

Our main production facility is based in St. Neots,
Cambridgeshire.

WE WORK CLOSELY WITH OUR SISTER COMPANY ALUVISTA

Aluvista specialise in a range of frame systems which are used to create tensioned graphics for a wide range of applications.

From simple wall mounted frames and lightboxes, to sophisticated pop-ups and complete structures; our flexible systems seamlessly integrate technology, tensioned graphics and illuminated surfaces.

Aluvista offers both bespoke build and rental options.

SUSTAINABILITY

We are determined to instil true, measureable and transparent sustainability at the core of our commitment.

We are zero to landfill and are supported by Prissm, our environmental waste partner to help us achieve this.

We use technology to minimise wastage and to optimise efficiency in production operations.

We support our clients to achieve their sustainability objectives with a range of solutions including advice on eco alternatives to conventional materials and substrates and closed loop recycling.

“Thanks to our awesome partners Imagination and MacroArt for the best in class work across environmental decor design, and print/install.”

Mitchell Simon - Director, Creative Project Management at NFL.

CASE STUDIES

SOAS UNIVERSITY LONDON

We were very proud to have been asked by SOAS University London to support them with a range of branding and signage requirements for their Graduation Event in July 2022.

We provided a range of vibrant branding solutions including banners, window vinyls, event wayfinding and pillar wraps to ensure the celebratory event had the impact they were looking for.

SOAS WELCOME WEEK

The start of a new academic year provided us with the opportunity to work with SOAS University of London for the second time, for their Welcome Week.

We produced the vibrant welcome graphics and wayfinding, installed on pillars, gates, floors and walls, all in a days work, using scaffolding for the pillars in particular, as they were placed 5m high.

**We would love to work with
you on your next project.**
